

Nick's is following current CDC guidelines

Dear Nick's Guests,

The CDC now recommends that fully vaccinated people no longer need to wear a mask in most settings, except where required by state and local laws.

People are considered fully vaccinated 2 weeks after their second dose in a 2-dose series, or 2 weeks after a single-dose vaccine.

With no mask mandate in Colorado, we now allow guests and employees who are fully vaccinated to enter without a face covering.

We will not require proof of vaccination, but we ask for guests to be responsible and respectful in cooperation with this revised policy.

Nick's recommends that all guests who are at higher risk wear a mask or shield.

Thank you for your continued support
