Nick’s Value Added Services

- **Planting Services:** for the customer buying one tree or many trees and who would like someone to do the work.
- **Sod:** Whether you need just a few rolls or several pallets, we carry it.
- **Special Orders:** If we don’t have something you need or want, we’ll do our best to get it for you.
- **Delivery:** From our door to yours, there is no order too big or too small.
- **Loading:** From beginning to end, let us load your merchandise on your cart, to the register, and into your vehicle. Boxes and liners are available for your convenience.
- **Diagnosis:** Not sure what’s wrong? Bring in a sample of the insect or diseased plant and let us help you find the answer. Please place samples in a plastic bag.

Nick’s Delivery Service

Delivery Charge in Aurora is \$130.00
Special quote otherwise.

Delivery charges are subject to change due to increases in fuel. All prices are subject to change without notice and are based on supply and demand. We will gladly help with your measurements, but the choice on the total amount is left to you. We are not responsible for over calculations or estimations. Rock is a product of nature and therefore color varies.

Nick’s Delivery Service Guidelines

- For bulk mulch, rock, soils, etc: We will dump in your driveway, either the left side or right side; any other dump location is at the discretion of the driver and you must be present for any exceptions.
- For pavers, wall block, moss rock, flagstone, and other palletized items: We will only place the pallets or items in your driveway; any other placement is at the discretion of the driver and you must be present for any exceptions.
- “X” Marks The Spot: You do not have to be home for your delivery. We encourage you to mark your driveway with chalk or masking tape as to where you would like your material placed or dumped if you are not going to be home on your scheduled delivery date.
- Fountains: We will deliver your fountain to your driveway. For an extra fee we can set up fountains. We charge depending on how much man power is needed.
- Time: Everyday our trucks run until all scheduled deliveries are completed. We can give you an approximate time for your individual delivery. However we cannot guarantee the time as there are too many variables that influence the delivery and are beyond our control. We will provide you with a two hour delivery window.
